

Associate Membership

The NEB passed the following changes to the Associate Membership policy on June 21:

In accordance with Article III, Section 4 of the NATCA Constitution, the NATCA National Executive Board ("NEB") hereby proclaims the following regulations concerning the acceptance of associate members and the revocation of associate member status:

Acceptance of Associate Members. Upon written application to the NATCA Membership Department, NATCA shall consider an individual's application for associate member status with the organization. No individual shall be eligible for membership as an associate member if the individual is eligible for active membership. An individual's application for associate member status may be denied for cause as determined by a majority vote of the NEB.

Revocation of Associate Member Status. An individual's associate member status with NATCA may be revoked at any time upon a motion for revocation submitted to the NEB by the NATCA Regional Vice President for the region in which the associate member is located. Following the submission of a motion for revocation, the NEB shall decide whether the individual's associate member status should be revoked for cause as determined by a majority vote of the NEB. There is no right of appeal if the NEB decides to revoke an individual's associate member status.

An individual's associate member status with NATCA shall also be revoked for failure to pay dues.
