

# COURAGE. RAZOR-SHARP REFLEXES. NERVES OF STEEL. FOR THESE AIR TRAFFIC CONTROLLERS, IT'S ALL IN A DAY'S WORK.

NATCA proudly salutes the winners of the 2nd annual Archie League Medal of Safety Awards. Named after America's first air traffic controller, these awards honor instances of exceptional courage and leadership by our nation's air traffic controllers.

From closely averting catastrophic runway collisions to safely guiding thousands of aircraft to help hurricane relief efforts, each of these winners has contributed to ensuring the safety of others.

## ARCHIE LEAGUE MEDAL OF SAFETY AWARD WINNERS
