Carson: Pilatus zero kilo charlie radar service terminated, contact Hillsboro Tower one one niner point three.

N640KC: One one niner point three for kilo charlie.

Carson: Uh November zero kilo charlie tell you what, you can remain with me, it looks like you're going south of the final approach course.

N62407: ...2,200, missed approach Hillsboro.

Carson: November zero kilo Charlie you still with me?

N640KC: Uh yeah I'm trying uh, could you give us a vector?

Carson: November zero kilo Charlie, affirmative, maintain 3,500, maintain 3,500 and turn right heading of three zero zero.

Carson: Pilatus zero kilo Charlie do you need any assistance? You're climbing up to 4,500.

N640KC: Oh, we're getting there, kilo Charlie.

Carson: November zero kilo Charlie roger, can you maintain 3,500?

Carson: Pilatus zero kilo Charlie, are you trying to join the approach course on your own?

N640KC: Uh just let me uh, okay. What do you want us?

Carson: November zero kilo charlie, just uh do what you need to do and let me know when you can take some instructions.

N640KC: Kilo charlie.

Carson: November zero kilo charlie, uh check your altitude immediately low altitude alert, the M-V-A in your area is 3,500. Can you climb up to 3,500?

N640KC: Kilo charlie.

Carson: November six four zero kilo charlie, and um, lookin' just fine, you're at 4,300, the low altitude alert is no factor. Um you're still going right of the final approach course.

N640KC: Kilo charlie.

Carson: November zero kilo charlie if you can take a vector to a one six zero heading, one six zero heading let me know.

N640KC: One six zero.

Carson: November six four zero kilo charlie okay looks good on that heading, fly present heading and join the final approach course to one three, join the final approach course to one three, and if able descend and maintain 3,500.

N640KC: 3,500.

Carson: November six four zero kilo charlie and do you need any uh assistance? Everything's looking fine.

N640KC: We're okay.

Carson: November zero kilo charlie roger, probably start your left turn to a one three zero to join the final approach course.

N640KC: One three zero.

Carson: Pilatus zero kilo charlie you're over COUVE now and you're right over the final approach course, if you could head one three zero to intercept it.

N640KC: One three zero for kilo charlie.

Carson: November six four zero kilo charlie are you established on the final approach course.

N640KC: Affirmative.

Carson: November six four zero kilo charlie roger, I concur with that, looks like just slightly right of course everything looks fine you are cleared for the RNAV one three approach.

N640KC: RNAV one three approach for kilo Charlie.

Carson: November six four zero kilo Charlie and you're looking good on the approach, are you starting your descent in?

N640KC: Affirmative.

Carson: November zero kilo charlie roger, normal speed and you can stay with me.

N640KC: Kilo charlie.

Carson: Pilatus zero kilo charlie are you able to contact uh Hillsboro Tower if I give you a frequency change?

N640KC: Go ahead.

Carson: Pilatus zero kilo Charlie radar service terminated, contact Hillsboro Tower one one niner point three.

N640KC: One one niner point three.
