

## **DAC Bulletin #2**

### **Article 73, Section 2 - Requesting Annotated Test List**

The DAC reminds all Facility Representatives, or their designees, to request the annotated test list prior to the conclusion of testing.

Article 73, Section 2 establishes two distinct timelines for the Union to receive the annotated test list:

1. When the annotated test list is requested prior to the conclusion of testing, it shall be provided to the Union on site immediately upon the completion of testing.
2. When the annotated test list is requested after the completion of testing, the Agency will provide a copy to the Union as soon as the information becomes available but normally no later than ten (10) days after the request was made.

The DAC advises representatives to request the annotated test list at the time the Agency notifies the Union that the collector/BAT has arrived at the facility. Upon receipt, all test lists should be forwarded to [DAC@natca.net](mailto:DAC@natca.net).
