NATIONAL CONSTITUTION

NATIONAL AIR TRAFFIC CONTROLLERS ASSOCIATION NATIONAL CONSTITUTION

Preamble

As the working men and women who make up our nation's air traffic control system, we play a critical role in the provision of safe and efficient air transportation in the United States. Deserving recognition for our contributions to modern aviation and desiring a strong voice in matters bearing on our work lives and the safety of the flying public, we have formed the National Air Traffic Controllers Association ("the Association"). The Association will seek to advance the status, professionalism and working conditions of all air traffic controllers and other aviation-safety-related employees through collective bargaining, political action, and other lawful concerted activity. The Association will also dedicate itself to furthering the public's interest in safe and efficient air transportation. We hereby establish this Constitution to govern us in these efforts.

Article I: Name and Objectives

Section 1. This organization shall be known as the National Air Traffic Controllers Association.

Section 2. The objectives of the Association shall be:

- a. To preserve, promote and improve the working conditions of air traffic controllers and other aviation-safety-related employees;
- b. To preserve, promote and improve the safety of air traffic within the United States, its territories and possessions;
- c. To preserve, promote and improve the professionalism and competence of air traffic controllers and other aviation-safety-related employees;
- d. To preserve, promote and maintain the best interests of the United States of America and particularly her leadership role in the aviation community; and
- e. To preserve, promote and improve the rights of its members through all lawful means, including collective bargaining, political action, and contributing to such civic and charitable organizations as the National Executive Board deems in the best interests of the Association.

Article II: Affiliations

The Association may be affiliated, at the discretion of the National Executive Board, with the AFL-CIO on such terms and conditions as are mutually agreeable to the AFL-CIO and the National Executive Board of the Association. The National Executive Board has the authority to pursue and enter into other affiliations as are beneficial to the Association.

Article III: Membership

At the request of a member in good standing, the National Election Committee shall provide a full and complete copy of the filed protest to the requesting member.

If the protest claims an illegal denial of the right to vote, which is found to be valid by the National Election Committee, the National Election Committee shall permit such member to cast a vote on such terms as may be practical if prior to the close of the election. In the event the protest is found to be invalid, the National Election Committee shall dismiss the protest and so inform the protesting member via certified mail on the day of dismissal.

The National Election Committee shall verify that the member has followed the required protest procedures, review the allegations raised in the protest, and conduct a thorough investigation, including, but not limited to, interviewing all parties involved. If the allegation does not constitute an election irregularity, the National Election Committee need not pursue the allegation further. After all allegations have been reviewed and the facts determined, the National Election Committee shall, within 7 days, recommend to the National Executive Board what action is appropriate under Department of Labor guidelines.

Within 15 days, the National Executive Board shall meet, via teleconference if desired, to decide on the challenge. The National Executive Board, through NATCA's General Counsel, shall notify the protesting member and affected candidates of the decision in writing. The General Counsel shall advise the protesting member of the basis for the decision.

If, because of a timely protest, an election is found to be invalid, all members in good standing who were eligible to participate in the election shall be notified within 15 days by the National Executive Board, through NATCA's General Counsel, of the decision to invalidate the election.

Section 8. Any member seeking election to a union office or position may not accept nomination or run for more than one elected position during any single election.

Other committees shall be established as deemed necessary by the President or by the voting delegates at the National Convention.

Section 3. The National Executive Board shall appoint a member in good standing, from a Region other than that of the accused, to prosecute the case. To post on the NATCA BBS, participants must agree to the following:

- a. Postings by NATCA BBS participants are recognized as the sentiments of the individual NATCA BBS participant and, unless expressly identified as such by an officer or other agent with authority for making the attribution, not those of NATCA.

At a minimum, a written Agreement must preserve and enforce the proper use of the NATCA identities by incorporating the following terms: Reserve NATCA's right to withdraw vendor's license should vendor use the NATCA identities in an inappropriate manner as determined by the NATCA National Executive Board; Receive the vendor's commitment to use the NATCA Identities in accordance with the NATCA National Constitution, Policies, and Standing Rules, as amended; Receive vendor's acknowledgement of NATCA's exclusive right, title and ownership of the NATCA identities; Receive vendor's agreement to refrain from using the NATCA identities in any manner that would impair or tend to impair any part of NATCA's right, title and interest; and Prohibit the rights granted to vendor from being assigned to others without NATCA's prior express written consent.

Such terms shall commence on September 1 of even-numbered years. National Representatives are not considered “elected officers” of the Union for the purposes of impeachment as described in Article XII. These representatives may be recalled by the President, with the consent of the National Executive Board.

SRH-2 Selection of Liaisons, Technical Representatives and Workgroup Members (9/98, 9/02, 9/16)

All appointments to and extensions of liaisons, technical representatives and workgroup members require the approval of the National Executive Board.

Liaison/Technical Representative/Work Group Member Selection Process: The President shall provide the National Executive Board notice of the end of the term of a liaison, technical representative or work group member.

When a vacancy exists, the President will present a name, or list of names, of members for consideration to the National Executive Board for confirmation prior to the date of anticipated vacancy. (Note: The President can obtain information from any source he/she deems appropriate prior to making a selection for a position, i.e.; Director of Safety and Technology, National Safety Chair, Director of Labor Relations, etc.)

Term Lengths for Work Group Members and Part-Time Technical Representatives: Technical representatives and part-time work group members will be asked to serve until such time as the respective project/team/work group they serve on has completed its work.

Any national liaison/technical representative/work group member who is unable or unwilling to complete his/her term will be asked to provide at least a 120 day notification to the President of his/her intentions. The National President may remove an appointed liaison/technical representative for such cause as will promote the efficiency of our Union. In these cases, a majority vote of the NEB is necessary to confirm the removal and a replacement will be found as soon as possible. Liaisons and full-time technical representatives will provide regular written updates to NATCA National.

SRH-3 Information Technology Committee (2/99, 9/08)

The mission of the Information Technology (IT) Committee is to provide quality information technology services and to offer assistance and leadership in IT matters for the organization. The Information Technology Committee will consist of two Regional Vice Presidents (as determined by the National Executive Board), two representatives of the National Office staff, and at least five NATCA members (selected by the National Executive Board after soliciting based on recommendations from the Information Technology Committee).

SRH-4 NTSB Representative/Contract Committee Member Selection Policy (11/88, 4/00)

The professional competence (knowledge of subject matter, interpersonal and work group skills) of the member serving on a committee is the primary prerequisite for his/her selection.

Balance in selection, as it relates to region and option will be pursued but is subordinate to professional competence.

STANDING RULES

Review of past practice in selection activities shall be accomplished no more frequently than once every year to determine if there is a trend towards an imbalance. This will permit the large number of committees and work groups to be considered as a whole. While serving on a National Committee, the member will convey and represent the national interests of the Union, unless specifically authorized otherwise by the National Office.

It is the policy of NATCA to provide exposure to committee activities for the purpose of developing the skills of its members whenever possible. The use of “internships” or observers at committee proceedings are options to be considered.

NATCA's EEO policy will be used as it relates to non-discriminatory committee selections. Further, it will encourage participation of all groups on committees through active solicitation of members. Committee openings will be made known in the most open manner that time permits.

Position selections will be made as follows: Contract Committee nominations will be made by the Regional Vice Presidents with final selection made by the President; NTSB selections will be made by the Regional Vice Presidents, subject to the approval of the President.

The President has discretionary power to remove a committee member for cause or to protect the interest of the Union. The National Executive Board shall be informed of any such removals.

Potential of committee activity adversely affecting existing Union responsibility would be a basis for non-selection. Actual detrimental impact on pre-existing responsibilities would be cause for replacement.

SRH-5 OWCP Committee (4/00)

A national Office of Workers Compensation Committee is established and funded by the National Executive Board to establish a network of specialized representatives. The committee shall be comprised of one active member in good standing from each region and shall be chaired by the member appointed by the National Executive Board as the National OWCP Representative.

SRH-8 OSHA Representation (10/97, 4/00, 3/12)

In the event of environmental problems or concerns, NATCA locals are directed to contact their NATCA OSHA Representative, in conjunction with their Regional Vice President prior to any consultation with outside environmental contractors. Only the NATCA National Executive Board has the authority to authorize and engage the services of any outside environmental contractor or specialist paid for out of NATCA National funds.

SRH-9 IFATCA & Meeting Reports (4/97, 4/00)

NATCA will pay for travel expenses for any member who serves as a standing committee member or elected official of IFATCA. NATCA will compensate up to five days of LWOP per calendar year to attend meetings in an official capacity (unless otherwise approved by the National executive Board).

Any member who serves as a standing committee member, chairman, or elected official of IFATCA shall submit a written report to the NEB outlining proposals, decisions, or potential issues within the scope of their particular positions. These reports will be submitted with receipts for travel or requests for reimbursement for LWOP.

All Committee Chairs shall provide justification to and receive approval from the Executive Vice President prior to scheduling any committee meeting outside of the NATCA National Office.

SRH-11 Deleted (10/14)

STANDING RULES

SRH-12 Deleted (9/16)

SRH-13 Removal of Committee Members (9/10)

The National Executive Board may remove a committee member and/or chair for cause or to protect the interests of the Union.

SRH-14 Collective Bargaining Agreement Unit Representatives (10/14)

Unless otherwise provided for in the National Constitution, Standing Rules, or Policy & Position Statements, any appointment to serve in a representative position as recognized by Collective Bargaining Agreements shall require the approval of the National Executive Board. The National President may remove a representative for cause or to protect the interest of the Union. In such case, a majority vote of the NEB is necessary to confirm the removal and a replacement will be found as soon as possible.

SRH-15 Conflicts of Interest for Nationally Appointed NATCA Representatives, Committee Chairpersons, and National Executive Board (9/16)

1. Any NATCA member serving as (a) a nationally-appointed representative under any article of any NATCA-negotiated agreement, or (b) a chairperson of a NATCA committee, or (c) a member of the NATCA National Executive Board shall sign an Agreement pledging to prevent a conflict of interest by refraining from seeking or accepting employment with an aviation industry organization with which that member interacts on behalf of NATCA (including, but not limited to, aviation-related corporations, nonprofit associations, and policy groups) for a period not to exceed twelve (12) months from the immediate conclusion of his or her NATCA position.
2. The Agreement provided for in Section 1 shall include remedial provisions for violations of the Agreement requiring repayment of any funds, as determined by NATCA, paid and/or reimbursed by NATCA for travel, lodging, meals, and other related expenses during the twelve (12) months immediately preceding the conclusion of his or her NATCA position. Members shall have sixty (60) days from the date on which the National Office sends notice, via overnight delivery service or certified mail to the member's home address (as maintained in the NATCA membership database), of the specific amount(s) due as repayment to NATCA to submit such payment to the National Office. Members who fail to repay NATCA in accord with the provisions of this policy shall be referred to the NATCA General Counsel for any and all appropriate legal actions necessary by the organization to recover the amounts due and all other appropriate relief, including, where applicable, the recovery of related attorney fees and legal costs.
3. NATCA shall establish a committee consisting of the NATCA President or Executive Vice President, a Regional Vice President appointed by the National Executive Board, and the NATCA General Counsel to consider any appeals to application of this policy on an individual basis. No member of the committee may consider an appeal that he or she submitted on his or her own behalf. The committee shall consider the position held by the affected NATCA member, the aviation community organizations with which that NATCA member interacted while representing the interests of NATCA, and the nature of any post-NATCA employment with an aviation community organization that NATCA member or employee may be considering.

Section I: Internal Business

SRI-3 Deleted (9/10)

SRI-4 Deleted (3/12)

STANDING RULES

SRI-5 NEB Meeting Attendance by Members (12/90)

A period of not less than one hour will be reserved within the agenda of National Executive Board meetings, during which time any member in good standing may address the Board. Such members may address the Board on any topic in order to give an opinion and/or solicit information. Such members will be limited to five minutes, unless time is extended by the Chairman.

If more than twelve members wish to speak, the Chair may, at his/her option, allow additional time, allocate specific time to certain topics of common interest, or devise another equitable method to accommodate the members. Scheduling of the member forum period will be as close to mid-day as practicable so as to allow for round-trip travel.

Any members desiring to address the National Executive Board shall inform the National Office at least 24 hours prior to the start of the meeting. At the time notice is given to the National Office, a number indicating the sequence in which the member is to speak will be provided. The topic of the address may be requested if the number of those requesting to speak exceeds 12.

Members are expected to promptly notify the National Office if they cannot attend as requested. Members are entitled, as per Article VI Section 1. of the NATCA Constitution, "...to freely speak on any issue affecting the Association". However, any grievance concerning the actions of the Association or its officers shall be processed in accordance with Article XIII, Internal Grievances.

This does not in any way inhibit a member from using this forum for soliciting information to determine if an internal grievance is or is not warranted.

SRI-6 Minutes of Meetings (6/90, 4/06)

The National Executive Board and all standing committees shall publish minutes, including a record of how each member of the Committee or Board voted (in other than unanimous decisions). A copy of the published minutes and voting record shall be sent to all facility representatives within two weeks following the close of the meeting. Additionally, these minutes shall be posted in an electronic format to allow members-only access via the internet.

SRI-7 Legal Defense Fund (9/08)

A legal fund shall be established for the purpose of collection of money and distribution of proceeds such that NATCA members, for whom NATCA is not directly responsible for their defense, may defend themselves from legal action. The fund shall be administered by NATCA's Executive Board (NEB).

SRI-8 Distribution of Agreements (9/10)

All negotiated term agreements sent to the affected membership for ratification shall include all elements of the agreement including those that may not be subject to ratification. This would include but not be limited to all contract articles, provisions, memoranda of understanding, memoranda of agreement, side bar agreements and/or pay provisions whether they are agreed to by the parties, a result of an impasse procedure or the outcome of binding arbitration.

SRI-9 Official Management Development Programs (3/12)

In the event any bargaining unit member applies for or is selected for an official management development program (i.e. ATLDP, PEL, etc.), he/she shall immediately vacate any presently held elected/appointed Union position. He/she shall not be eligible to run for or hold office, or be appointed to any position within the Union for a period of twelve (12) months after their application or completion/termination of an above-mentioned program whichever occurs later.

SRI-10 Policy on Hotel Points (3/12)

The NATCA Charitable Foundation shall be the sole designated recipient of all hotel event planner points awarded to the meeting planners of NATCA events. These events shall include, but not be limited to, the following: conventions, National Executive Board meetings, regional and committee meetings, contract negotiations, and training classes. It is the responsibility of the primary meeting planner for each NATCA event to ensure that all such points are awarded to the NATCA Charitable Foundation based on the following award program account numbers: Hilton Honors Member Number XXXXXX027; Hyatt Gold Passport Number XXXXXX865H; and Starwood Preferred Guest Number XXXXXXXX194. For any other hotel not listed, the NATCA Executive Vice President must be contacted for further instructions prior to booking the event.

SRI-11 Document Retention Policy (10/14)

NATCA will maintain a policy for the retention of organizational documents which are (1) necessary to the current conduct of Union business; (2) required to be retained by applicable statute or regulation; (3) relevant to pending or

STANDING RULES

foreseeable investigations or litigation; or (4) of historical value to the Union. This policy shall be maintained under rules and regulations as promulgated by the National Executive Board.

SRI-12 NATCA Internship Program (10/14)

NATCA believes that it has a responsibility to mentor students who are personally and professionally interested in aviation and the labor movement. To this end, NATCA will develop and maintain a program to provide interns with a hands-on experience in the aviation industry and working for a labor organization that represents aviation-related professionals. Through the Program, NATCA endeavors to offer each intern with the opportunity to: experience the day-to-day business operations of a labor organization; experience and participate in a dynamic work environment; understand the responsibilities of being part of a team; understand the demands and interactions in a member-focused organization; contribute to the research and development of ongoing projects; and participate in various outreach programs and special events. The NATCA Internship Program will be administered under rules and regulations as promulgated by the National Executive Board.

SRI-13 Electronically Stored Information (9/16)

NATCA shall maintain a policy regarding the retention of the Union's electronically stored, business-related information. This policy shall be maintained under the rules and regulations as promulgated by the National Executive Board.

SECTION J: PAY, SALARIES & COMPENSATION

SRJ-1 Reclass Breakpoints (9/99)

Breakpoints cannot be changed without a $\frac{3}{4}$ majority vote of the National Executive Board.

SRJ-2 Reclassification/Pay Issues (1/99)

No further decisions will be made concerning reclassification or pay associated thereof without the approval of the National Executive Board.

SRJ-3 Pay Reform Circumvention (9/98)

No NATCA members, without the approval of the National Executive Board, shall attempt through negotiations or lobbying to circumvent the pay reform system.

SECTION K: CONTRACTING OUT

SRK-1 Charters from Level 1 Facilities (9/96)

The charters from every Level I facility shall be recovered (or reproduced) by the National Office as that facility is lost to NATCA due to the Federal Contract Tower Program. These Charters shall be permanently displayed on the walls of the NATCA National Office.

SECTION L: LABOR RELATIONS

SRL-1 Arbitration Policy (12/89, 4/00, 10/14, 9/16)

When a Regional Vice President or his/her designee decides to pursue arbitration of a grievance, he/she will ensure the completed grievance file has been properly uploaded into the NATCA Grievance Tracking System (GATS) and elevated to the arbitration level no later than fourteen (14) days after the receipt of management's step 2 response, or as appropriate. The grievance file should include, at a minimum, a copy of the grievance, management responses (if any), copy of any local MOU(s) relied upon, copies of any laws, Agency Orders, rules, or regulations violated, SF-50s, pay records, witness statements and all other evidence. In addition, accompanying the grievance file, the Regional Vice President or his/her designee will upload a grievance evaluation, which will include the facts of the case, a summary of the evidence, strengths and weaknesses of the grievance, and a recommendation for moving forward.

Upon receipt of the arbitration request and case file, the Director of Labor Relations may conduct a follow-up with the Regional Vice President or his/her designee to discuss the strengths and weaknesses of the case. The Director of Labor Relations may then direct an analysis of the case by the National Office Labor Relations Staff.

Grievances requested for arbitration will be reviewed by the NATCA Grievance Review Team. The Grievance Review Team's review of grievances will include all documentation received through the respective region, as well as the analysis prepared by the National Labor Relations Staff. The Grievance Review Team will make recommendations for or against

STANDING RULES

arbitration and may also recommend other strategies for resolving the grievance. The Grievance Review Team will recommend arbitration advocate(s) to present the grievance in arbitration hearing.

NATCA's Director of Labor Relations will present the Grievance Review Team's grievance recommendations to the NATCA President for final determination. The final determination will take into consideration factors such as the chances for success based on the merits of the case and the risk or desirability of a precedent-setting decision having an effect on NATCA membership nationwide.

If it is determined that a grievance will not proceed to arbitration, the Director of Labor Relations will communicate this decision to the Regional Vice President and the Grievance Review Team.

If the request for arbitration is denied, the Regional Vice President may appeal such decision to the National Executive Board. The decision may be overturned by a three-quarters (3/4) vote of the National Executive Board. If the Regional Vice President decides to invoke an appeal to the National Executive Board, arbitration will be requested to protect timelines and the vote taken at the earliest possible time. The Regional Vice President is responsible for communicating the final decision to the grievant and to the Facility Representative where the initial grievance arose.

Once the final determination is made to pursue arbitration, arbitration advocate(s) will be assigned to present the grievance in arbitration hearing. The assigned advocate and second seat, if assigned, will work as a team on all aspects of case preparation, including strategy, witness preparation, case presentation, development of an opening statement and post hearing briefs. The selection of an arbitrator will be conducted by the assigned arbitration advocates from the Regional or National panels, as appropriate.

Selection of Arbitrators. The Grievance Review Team will recommend arbitrators for Regional and National panels. The National Office shall retain the right and responsibility to select and remove arbitrators pursuant to the Collective Bargaining Agreements.

Settlements. The decision to accept a settlement rests with the arbitration advocate(s) in consultation with the Director of Labor Relations.

Final Determination. When a case is settled or an arbitration decision issued, the arbitration advocates(s) will immediately notify the Director of Labor Relations and the Regional Vice President. The Regional Vice President should then notify the grievant of the resolution as soon as possible. Every effort should be made to ensure that the grievant learns of the result from NATCA and not management officials.

SRL-2 Use of Outside Counsel (3/90, 4/00, 9/02)

Grievance Handling and Processing. This process can and should be handled almost exclusively in the field by Facility Representatives, with advice and assistance available from the Regional Vice President. Should assistance not be available from the Regional Vice President, the party seeking assistance should contact the National Office's Labor Relations Department.

It is imperative that Facility Representatives and members keep their Regional Vice Presidents aware of issues requiring assistance, and that the Regional Vice Presidents are contacted first before contacting the National Office, as much as practical.

Use of Outside Counsel. The general rule is that outside counsel shall not be utilized except in extraordinary circumstances such as where the courts require "local" counsel or immediate injunctive relief is required. In those circumstances, the Facility/Regional Vice President shall request in advance the approval of the National Office's Legal Department and the President or Executive Vice President.

The Representative should be prepared to justify the need for and benefit of utilizing of labor relations outside counsel. Where an attorney is available and upon such a request, the General Counsel shall contact the proposed attorney or other competent attorney versed in the appropriate field of law, check and verify his/her credentials, and negotiate the appropriate rate of charge or retainer fee. Thereafter, all legal bills from such outside counsel will be sent directly to the General Counsel's office for review before submission for payment.

Outside counsel shall be answerable to the General Counsel, who shall monitor the expenditures and performance of outside counsel in handling NATCA's legal business. The General Counsel shall review all documents prepared in the course of pursuing NATCA's legal business and statements for services rendered, which must be submitted in detail by outside counsel before payment can be authorized. The General Counsel retains the right to dismiss outside counsel who may be deemed to be ineffective or wasteful of NATCA's resources or have a deleterious effect on the Union.

Use of Outside Counsel for Arbitration. While it is anticipated that the majority of arbitration cases shall be handled by Regional Vice Presidents or the Director of Labor Relations, all arbitrations where legal counsel are involved on behalf of NATCA shall be undertaken by the General Counsel or Executive Counsel from NATCA's National Office. The reason for this is to ensure quality, conserve resources, and to process all arbitration cases on a consistent, uniform basis that ensures continuity on a nationwide level.

STANDING RULES

Under no circumstances will the arbitration process be turned over to members or non-members with their own personal legal counsel, regardless of whether or not the grievant is willing to pay the fees for such counsel. To agree to such an arrangement would be tantamount to NATCA “sub-contracting” its exclusive bargaining agent (or representative) status and would create a serious risk of adverse national precedents.

SRL-3 Arbitration Appeals (2/91, 4/00)

In the event an arbitrator’s decision is deemed by a Regional Vice President to be unfavorable/detrimental to the best interests of the organization, the following procedures shall be followed before proceeding to appeal.

The National Executive Board member requesting review for appeal shall forward copies of the decision being questioned to the entire NEB.

After ensuring that each NEB member has reviewed the material, the individual requesting appeal shall inform the National President who, in turn, shall schedule an emergency meeting of the NEB (via teleconference if necessary) at which time discussion may ensue and a vote will be taken to determine whether or not an appeal will be filed.

This process will be completed in no more than ten days, to allow for the timely processing of any such appeal. The determination of the NEB shall be final and, in cases where appeal is denied, no further processing of the case under review shall be attempted.

All costs associated with any such appeal shall be applied against the budget approved by the NEB for Labor Relations Department.

SRL-4 Grievance Tracking Program (GATS) (9/08, 9/10)

The National Executive Board shall determine the Union’s grievance tracking program. Use of this program is mandatory for NATCA Facility Representatives, NATCA Labor Relations staff and advocates.

SRL-5 Deleted (10/14)

SRL-6 Allocation of Arbitration Expenses (12/90)

Any and all expenses associated with all arbitrations, regardless of whether they are national, regional, or local matters, shall come out of the National Labor Relations budget.

SRL-7 Unfair Labor Practice Charges (9/16)

When a Facility Representative seeks to file a ULP with the FLRA or NLRB, he or she should consult with the Regional Vice President before filing. The consultation with the Regional Vice President will address: the appropriate charging party, the issues raised by the charge, the appropriate FLRA/NLRB region for filing, potential supporting evidence for a charge, the relief sought, whether a grievance or a complaint in another forum rather than a ULP is appropriate, whether a charge is impacted by a previously filed grievance, and any other relevant issues. If upon consultation, the Regional Vice President and Facility Representative determine that the Union is the appropriate charging party, the following process must be utilized.

When a Regional Vice President or his/her designee decides to pursue a ULP, they should forward the complete case file to their Labor Relations Strategy Group designee who will share the file with the Labor Relations Strategy Group. The complete case file will include supporting evidence and documents for the ULP, including a witness list, witness statements, and a draft charge utilizing FLRA Form 22, available at http://www.flra.gov/webfm_send/3, or NLRB Form 501, available at <http://www.nlr.gov/sites/default/files/attachments/basic/page/node-3040/nlrform501.pdf>.

The Director of Labor Relations may then direct an analysis of the case by the National Office Labor Relations Staff. ULPs submitted through this process will be reviewed by the NATCA Labor Relations Strategy Group. Unless the Labor Relations Strategy Group expresses a concern with the validity of the charge, the ULP will proceed.

Settlements. The decision to accept a settlement of a ULP rests with the advocate(s) assigned to the ULP case in consultation with the Director of Labor Relations.

SECTION M: MEMBERSHIP & ORGANIZING

SRM-1 Membership Recruiting Incentive Programs (2/98)

All future national membership recruiting incentive programs must be approved by the National Executive Board.

SRM-2 Charter Membership (88)

Charter membership is extended to the anniversary date of NATCA, June 19, 1988.

STANDING RULES

SRM-3 Corporate Membership (3/90)

All corporate membership applications must be received by the National Office Membership Department for initial handling. Any applications for corporate membership received elsewhere should be forwarded to the National Office for processing. Upon receipt by the Membership Department, a letter to the corporation desiring membership will be sent acknowledging the application and stating that the application is being scheduled for review by the National Executive Board (NEB).

No further action should be taken until the meeting and decision of the NEB.

Applications for corporate membership shall be submitted to the NEB for review at the next regularly scheduled meeting for disposition. The NEB will determine if any conflict of interest and/or detrimental effect could result from acceptance of such application.

After completion of discussion by the NEB, a vote shall be taken to accept or reject the application for membership. In order for an application to be accepted, a 2/3 majority of those NEB members present must vote in favor of approving corporate membership.

After the final vote on the application for corporate membership, the Membership Department shall take prompt action to advise the corporation of the results and to process those applications accepted. Those applications rejected shall be returned to the corporation, along with any dues tendered, accompanied by a letter stating the reasons why corporate member status could not be given. All actions under this section must be completed within two (2) weeks of the vote by the NEB.

SRM-4 Associate Member Recruiting (6/98, 10/14)

PSA-2 AFL-CIO Boycott (4/06, 9/16)

NATCA endorses the economic boycott of those companies listed on AFL-CIO boycott list. NATCA will provide a link to the AFL-CIO boycott list on the members-only section of the NATCA website in order to disseminate the most current listing to all locals.

PSA-3 Employee's Right to Choose (9/08, 9/10, 10/14)

The National Air Traffic Controllers Association supports public policy and legislative efforts to ensure, protect and preserve American workers' fundamental rights to choose for themselves whether or not to form a union free from coercion and intimidation. The National Air Traffic Controllers Association, through whatever means the National Executive Board deems appropriate, supports the AFL-CIO's effort to enact legislation in support of this position.

PSA-4 Environmental Policy (9/10)

NATCA shall seek to advance environmental stewardship and sustainability in its daily operations, offices, and building(s). NATCA will aspire to go beyond compliance with all relevant environmental laws and regulations by integrating values of sustainability, stewardship, and resource conservation into its operations and office and building activities; engaging in pollution prevention activities and developing and promoting practices that maximize beneficial effects and minimize harmful effects of operations and activities on the surrounding environment; assessing environmental impacts associated with its operations and activities; incorporating green building and design methods; considering the needs of future of generations with the goal of maximizing the efficiencies of its operations and services while minimizing the organization's wastes and footprint.

PSA-5 Alternative Funding Stream (10/14, 9/16)

The National Air Traffic Controllers Association supports the exploration of the following concepts:

- a. Creating a sustainable financial future. It is critical to establish a funding system that provides dedicated and sufficient revenues to pay for obligations.
- b. Separating the operations and support functions from the regulatory functions of the Federal Aviation Administration (FAA). Potential areas of exploration could include the creation of two separate government agencies or the formation of a quasi-governmental corporation.
- c. Reforming existing statutes, regulations, and policies.
- d. Reviewing the current mix of Airport and Airway Trust Fund taxes and fees and considering alternative sources that provide sufficient funding for services such as air traffic control and aircraft certification.

Ensuring the safety of the National Airspace System should be in the forefront of any initiatives to reform FAA funding streams and governance. Any support by NATCA must ensure the following:

- a. NATCA, as a stakeholder, must be included throughout the process, from inception to implementation. Further, any effort must be supported by NATCA's National Executive Board.
- b. Retention of Union recognition, representational status, and continuation of collective bargaining rights. This is achieved through the retention of 5 United States Code Chapter 71, however other similar legal frameworks may be considered.
- c. Protection of membership pay and benefits including, but not limited to, retirement and health care.

POLICY & POSITION STATEMENTS

- d. NATCA must be included as a voting member of any governing board or body.
- e. Indemnification for employees from individual tort liability for acts within the scope of employment.

SECTION B: MEMBER BENEFITS & RETIREMENT

PSB-1 Benefits for Dues Paying Members (4/06)

It is a priority for NATCA to provide meaningful members-only benefits.

PSB-2 Deleted (10/14)

SECTION C: CONTRACTING

PSC-1 Facility Consolidations (1/00, 9/10, 9/16)

Protecting and ensuring the overall safety and efficiency of the National Airspace System should be in the forefront of any realignment of air traffic control facilities or services (including regional offices). The terms “realignment” and “consolidation” include any action that relocates functions, services, or personnel positions; discontinues or severs existing facility functions or services; or combines them.

Each facility, sectored airspace and regional office is unique. Therefore, the only way to determine if the realignment of an air traffic control facility or services is necessary and appropriate is through the development of a comprehensive process with clearly outlined criteria and participants. That process was created through collaboration under Public Law 112-95 Section 804, now known as “Section 804.” NATCA will be involved in the development of all criteria, discussions, decisions, and briefings to Congress whereby we must assist the Agency to:

- a. Support the transition to the Next Generation Air Transportation System.
- b. Reduce capital, operating, maintenance, and administrative costs of the FAA where such cost reductions can be implemented without adversely affecting safety.

That process must include or provide for:

- a. Controllers, representatives of labor organizations representing operations and maintenance employees of the air traffic control system, as well as industry stakeholders, from inception to implementation.
- b. The process must be clearly explained to all parties and members of each facility shall have a right to inform the process during all phases.
- c. Sustaining the overall efficiencies of the NAS shall be at the forefront of the process with every effort made toward helping to reduce capital, operating, maintenance and administrative costs of the FAA where such cost reductions can be implemented without adversely affecting safety.
- d. Cost never trumps safety and efficiency or the quality and level of services provided to users.
- e. The lives of employees and their families are a major consideration throughout the process.
- f. A collaboratively agreed upon process for existing and future facilities will be agreed upon Nationally.

NATCA supports realignments and advances to the National Airspace System only where the above criteria are met and if it can be done without compromising safety.

PSC-2 Contracting Facilities (4/06, 10/14)

The National Office shall spare no reasonable expense in the protection, continuation, and growth of all bargaining unit positions, and shall offer all lawful resistance to out-sourcing or contracting out.

In the event of imminent or impending reform or restructuring of the Air Traffic Organization, including privatization, the National Executive Board shall spare no reasonable expense to protect every interest of the Union including, but not limited to: pay, benefits, and working conditions.

PSC-3 Contractor-Provided Training (4/06)

NATCA shall seek to ensure that all training provided in air traffic field facilities is performed by FAA employees.

PSC-4 Contract Training/Staffing (4/06)

NATCA opposes the use of bargaining unit employees in all FAA initiatives with the objective to contract out their work.

SECTION D: LEGISLATIVE

PSD-1 Twenty-year Retirement (9/96)

NATCA will write, pursue, and/or support legislation to provide a true 20 year retirement for air traffic controllers.

PSD-2 Deleted (9/16)

PSD-3 Windfall Elimination Provision/Government Pension Offset (4/94)

NATCA shall pursue legislation to rescind the Windfall Elimination Provision/Government Pension Offset.

PSD-4 Deleted (10/14)

SECTION E: MEMBERSHIP & ORGANIZING

PSE-1 Organizing FAA Bargaining Units (7/99)

NATCA will pursue organizing the rest of unrepresented bargaining units within the FAA, with priority on air traffic services employees.

PSE-2 Organizing of Contracted ATC Facilities (4/06)

NATCA will pursue the organizing of all contracted air traffic control facilities.

SECTION F: WORKING CONDITIONS, HIRING & STAFFING

PSF-1 Rehire on Contract Tower employees (4/97, 3/12)

NATCA will seek to ensure that, as contract towers represented by NATCA become upgraded to higher-level facilities and revert back to the FAA, the employees at those facilities will be given the opportunity to be hired by the FAA and remain at their facility.

PSF-2 Deleted (9/10)

PSF-3 Career Progression (4/06)

We pride ourselves in working to ensure the American taxpayers reap maximum benefit from the dollars they spend in training air traffic controllers. In recognition of this duty, and to enhance safety, efficiency, and morale, NATCA will seek to ensure the FAA makes every effort to fill vacancies with Certified Professional Controllers who meet the qualifications and who express a desire to relocate to areas where vacancies exist. This policy also ensures the greatest return on investment possible for newly hired air traffic controllers who will, as a consequence, generally be placed in lower level ATC facilities where they have a greater opportunity to be successful.

PSF-4 Deleted (10/14)

PSF-5 Reduced Work Week (4/06)

The pursuit of a reduced work week is a high priority for NATCA.

PSF-6 Deleted (3/12)

PSF-7 Job/Salary Protection (4/06)

NATCA will make it a high priority issue to protect the jobs and salaries of all of its members affected by consolidation, co-location, and outsourcing.

PSF-8 Policy on Age 56 Waivers (3/12)

Numerous studies have suggested an increase to health risks and stress levels associated with the age of air traffic controllers.

The cumulative stress of the job has resulted in controller “burn out” thus increasing risk and lost proficiency with age, thereby increasing risks to the safety of flight.

Studies have shown a close correlation between ages, years of experience and emotional, mental and physical exhaustion.

POLICY & POSITION STATEMENTS

Researchers have consistently found a negative relationship between the age of air traffic controllers and both training success and rating of job performance. Many studies have shown age-related decline in cognitive abilities that are most important to performance as an air traffic controller.

The staffing crisis the FAA is experiencing has been predicted by the National Air Traffic Controllers Association for decades. Age waivers are not the safe solution. The FAA must hire and train hundreds of new controllers with a steady stream of newly trained controllers replacing the retiring controllers. This is critical to ensuring the system capacity can grow and meet the safety needs of our nation's air traffic control system.

The risks of stress levels, potential health problems, and declining cognitive abilities are the same today that led Congress to set retirement mandates for controllers over thirty years ago. Air traffic projections and FAA goals, however, are more demanding than ever. Now is not the time to jeopardize the most productive, efficient system in the world with short-term, dangerous solutions. We acknowledge the temptation of keeping controllers beyond current retirement ages but we decry this as a solution.

While we admire the capable workforce that makes today's system a global standard of excellence, we must now make investments for tomorrow.

The National Air Traffic Controllers Association does not support waivers to the age 56 Law.

SECTION G: SAFETY, TECHNOLOGY & EQUIPMENT

PSG-1 Radar Displays (4/06)

NATCA will continue its efforts to ensure that air traffic facilities have the necessary equipment and procedures to maintain the world's busiest and most complex air space system. These efforts include the advocacy of modern, efficient, and reliable communication, navigation and surveillance systems as well as training and procedures that ensure safety and efficiency.

PSG-2 Deleted (3/12)

PSG-3 Deleted (3/12)

PSG-4 Voluntary Safety Reporting Program (9/10)

With the nationwide implementation of ATIS throughout the air traffic bargaining unit and the importance of the compilation of critical safety data for the NAS, NATCA supports the full deployment of a voluntary safety reporting program. NATCA will pursue the implementation of a voluntary reporting program for all represented bargaining units.

PSG-5 Airport Surface Surveillance Capacity (ASSC) (10/14)

NATCA believes that in order to maintain the highest level of safety and ensure the greatest level of redundancy, Surface Movement Radar (SMR) should be fused with ASSC capability. However, NATCA believes ASSC without Surface Movement Radar would improve safety and efficiency at locations where a surface surveillance system does not currently exist.

SECTION H: HONORARIA

PSH-1 Honorary Membership – Retired U.S. Army Captain Florent “Flo” Groberg (9/16)

As a token of our appreciation, NATCA hereby donates \$2,000 in Captain Groberg's name to Warriors Ethos, a charity that helps veterans transition in to a successful post-military career focusing on engagement, education, and job placement.

PSH-2 Outstanding Service Recognition – Richard “Rick” Young (9/16)
