IFR/VFR Conflict Survey

Survey is voluntary and all responses are anonymous

The Air Traffic Organization (ATO)'s Safety and Technical Training group (AJI) is assessing the effectiveness of awareness campaign materials related to IFR/VFR conflicts. They are surveying opinions on how IFR and VFR traffic is handled. ATO's goal is to record baseline information on the current culture, attitudes, and behaviors related to managing potential IFR/VFR conflicts. The plan is to conduct a follow-up survey in about a year and assess changes in attitudes or behavior related to IFR/VFR conflicts. [Take the survey.](#)

CFS Panel Recap

Pilot/Controller Communications

Traditionally one of the most popular and important panels at Communicating For Safety, this year's discussion of Pilot/Controller Communications was no exception. Panelists talked about the need for clear and concise phraseology and the myths surrounding IFR/VFR conflicts. [Read more.](#)

Member Focus: Paul Behan, ZJX

Behan was recently honored with a Regional Legislative Activism Award at NATCA in Washington (NiW)

"You don't need to be an expert on the contract or legislative issues. There is a huge support system of NATCA reps out there and they will teach you everything

you could ever want to know in due time. Someday they will retire, but in the mean time they are eager to train the next generation of this Union's leaders. Step up and you will make a difference." [Read more.](#)
