Take A Stand For Safety
Forecasting the frightful winter weather

Winter poses unique weather challenges for pilots, and NATCA and the Federal Aviation Administration are working with the aviation community to increase everyone's awareness of those challenges. [Read more.](#)

Super Bowl LI

Houston area facilities prepare for a big Super Bowl of air traffic

NATCA members and their Federal Aviation Administration management counterparts at Houston-area facilities have been preparing for months for their own Super Bowl challenge, ready to put their experience, skills and hard work to the test. [Read more.](#)

WorkLife Wisdom

What can the WorkLife Solutions Program do for me?

You may be struggling with stress at work, seeking financial or legal advice, or coping with the death of a loved one. Maybe you want to strengthen relationships with your family. Your WorkLife Solution Program services offer assistance and support for all these concerns and more. [Read more.](#)

OSHA: Indoor Air Quality MOU Webinar

With the Slate Book, a new memorandum Of understanding (MOU) is in effect, requiring the FAA to adhere to the Indoor Air Quality Program Implementation Requirements (IAQ PIR).

It is important to immediately report any and all signs of water intrusion at your facility. Amongst other requirements, the MOU requires action within a given time frame after water intrusion occurs. The OSHA Committee, along with Geoff Bacci, will be holding a webinar regarding the MOU on Feb. 9 at 2 p.m. EST. To register for the webinar, [click here.](#)

Communicating For Safety

What you need to know

Get up to date on all the details for the aviation industry's leading conference focusing on safety, technology and building relationships among aviation professionals. [Read more.](#)

February is National Cancer Prevention Month, and the NCF asks for your support in the fight against cancer! Through this campaign, NCF seeks to support the fight against all types of cancer. [Read more.](#)
