

Your Brothers and Sisters Need Your Help *Three major hurricanes affect many NATCA members, causing severe damage, catastrophic flooding*

Hurricane Maria is the third major hurricane in four weeks to hit areas home to hundreds of our NATCA family members. Wind, rain, and flooding have caused unbelievable damage, particularly for our 110 brothers and sisters in the six NATCA-represented facilities in the Virgin Islands and Puerto Rico. NATCA is still working to account for the safety of all our members in Puerto Rico. The damage there is severe, and there is a need for supplies and assistance. Our members at San Juan Tower, who were at the airport and adjoining hotel during the storm, are safe. But <u>this member's video</u> shows some of the damage to the airport. It is a top priority to quickly get the airport up and running to accommodate urgently needed relief and humanitarian flights.

The NATCA Disaster Relief Fund is available to NATCA members affected by all three hurricanes. This fund relies in part on donations. This weekend a team of 25 NATCA members will pull a 164,000+ pound airplane at Washington Dulles International Airport at the *Dulles Plane Pull*. This NATCA team will use their physical strength to move an 82-ton hunk of metal and plastic. They are dedicating their plane-pulling efforts to the enduring strength of our brothers and sisters affected by the hurricanes in the Southern and Southwestern regions. You can join them and make a big difference by giving to the NATCA Disaster Relief fund. *Donate today*.

Please also email <u>MariaHelp@list.natca.org</u> if you want to volunteer assistance or provide supplies. We are working on the logistics of how we will be able to gather and house supplies, and get the assistance to Puerto Rico.
