Safety and Technology Program Spotlight: Navigation

Jeff Plendl (Los Angeles Center, ZLA) is NATCA's National Navigation Representative and works closely with Federal Aviation Administration (FAA) program managers in three key areas: Ground-based navigation, satellite navigation and visual

guidance lighting systems. [Read more.](#)

Former Nevada Senator Harry Reid Remembered Fondly for Supporting NATCA

Longtime Nevada Senator and former Senate Majority Leader Harry Reid, who passed away last week at 82, had a strong and very positive relationship with NATCA over the years thanks to grassroots efforts that focused on Reid's home state and its two largest Federal Aviation

Administration facilities - Las Vegas ATCT (LAS) and Las Vegas TRACON (L30). L30 FacRep Anthony Borgert said he and his fellow Nevada and Western Pacific Region activists spent a lot of time with Sen. Reid. "He certainly understood the value of NATCA and the role air traffic controllers play in keeping our nation moving safely and efficiently," Borgert said. [Read more.](#)

Congratulations to Our Newest FacReps

"While the Onboarding Committee and regional reps work throughout the year,

onboarding new facility representatives (FacReps), January is when we see the most FacReps take office, and thus it is our busiest time of year,” said Onboarding Committee Chair and Central Regional Vice President (RVP) Aaron Merrick. “If you are a new

FacRep and have yet to be contacted by your Onboarding Rep, please reach out to your RVP or alternate RVP, and we will get you connected.”

The NATCA Onboarding Committee welcomes and thanks all of our new NATCA leaders who have recently taken office for their term as FacRep at their local facilities. [Read more.](#)

**Congratulations
to our newest
NATCA FacReps!**
