

## Announcing the NATCA Members-Only Facebook Group

NATCA has launched a private Facebook group for active and retired members of our Union. The private group will be a place for members to get news, connect, share information, and enjoy solidarity with their Union brothers and sisters. We encourage all active and retired NATCA members to join the group! We will continue sharing our posts on NATCA's legacy public page for informational purposes.

Here are the directions to join:

**Step 1:** Since the group is private, you must click "Request to Join" on the new NATCA [Facebook group](#).

After you have requested to join, a representative from NATCA's Communications Committee will verify your membership and add you to the group.

**Step 2:** To join, you will need your NATCA member number. If you don't know your NATCA member number, click [here](#).
