ABACUS Update

ABACUS is a new comprehensive software program being developed that will collect, catalog, and analyze traffic data and facility/airspace analytics from many Federal Aviation Administration (FAA) data sources while calculating and reporting results that assist in decision-making for the National Validation Team (NVT), and as required by the Collective Bargaining Agreement (CBA), ensure we are paid appropriately for the work being performed.

LeBovidge Participates in AFL-CIO Civil and Human Rights Committee

NATCA Executive Vice President Andrew LeBovidge recently participated in an AFL-CIO's Civil and Human Rights Directors meeting. Newly elected AFL-CIO Secretary-Treasurer Fred Redmond was a key speaker during the call.

The NATCA Charitable Foundation (NCF) Has Four Openings on its Executive Board

The NATCA Charitable Foundation (NCF) has four openings on its executive board. The open positions are president, vice president, secretary, and treasurer beginning on Jan. 1, 2022, for a three-year term. NCF says it is "looking for volunteers that have the energy, compassion, and integrity to make NCF even bigger and better than it is today. In order to qualify to be an officer of the board, volunteers must be a member in good standing (active, associate, or retired) as defined by Article III of the NATCA National Constitution." If you would like to be considered for nomination, please send your resume to natcacharitable@natca.net. Contact NCF at that address if you have questions.

New Florida Metroplex Standard Instrument Departures (SIDs) and Standard Terminal Arrivals (STARs) Systems

NATCA Tampa ATCT (TPA) is very proud of its Metroplex team for the implementation last month of a project to implement new Standard Instrument Departures (SIDs) and Standard Terminal Arrivals (STARs) systems that were years in the making, according to TPA FacRep Jenifer McCoy. "Many people worked to bring this to fruition, and the current

Metroplex team took the reins during crunch time and stepped up to make

our implementation as smooth as possible,” she said.
