## Finance Committee Hosts Training for Local Officers

The National Finance Committee (NFC) hosted a virtual training for both new and experienced local officers on Sept. 16 to review details on tracking locals' finances and audit preparation. More than 65 members participated in the training, which also covered Department of Labor regulations, NATCA national guidelines, and recent updates to rules and regulations. The next NFC virtual training will be held Oct. 12 at 3 p.m. EDT. The NFC also offers NATCA members individual training for those who would like a more in-depth session or want the information tailored to their specific local. [Learn more on the NFC webpage.](#)

## National Airspace and Procedures Committee Makes Presentation to NSTLC

The National Airspace and Procedures Committee (NAPC) recently presented information to the NATCA Safety and Technology Leadership Council (NSTLC) on the need for National Airspace System-wide outreach and education on the correct application of ATC procedures (7110.65 rules) and instrument flight procedures (SIDs, STARs, airways, approaches, etc.). NAPC Chair and National Airspace Representative Josh Haviland (Seattle TRACON, S46) says, “there have been so many technical

changes to instrument flight procedures over the past several years that a lot of staff support specialists, controllers, and managers are not certain whether some procedures are always being used correctly. Things like diverse vector areas (DVA) have become so confusing that folks just want to

know what the rules are, and lengthy answers are not helping. The information presented to the NSTLC included a wide range of information gaps identified by NAPC members, in addition to a few recommendations.”
