In February, NATCA's representatives to the International Federation of Air Traffic Controllers' Associations' (IFATCA) Technical and Operations Committee (TOC) and Professional and Legal Committee (PLC) joined in meetings of those committees in Shannon, Ireland, to review their research that will be presented at the upcoming IFATCA annual conference in May.

In addition, NATCA Professional Standards Committee member Lydia Baune (Spokane ATCT, GEG) spoke with both committees and talked about the Professional Standards program as well as initiatives like "Turn Off, Tune In," encouraging members of these IFATCA committees to bring these initiatives back to their country's air navigation service providers and facilities.
