Registration for Communicating For Safety (CFS) 2023 is now open! Hosted annually by NATCA, CFS is the aviation industry's leading conference focusing on safety, technology, and relationship building. This three-day conference is the only one to focus specifically on the air traffic needs of all members of the aviation community who are affected by the National Airspace System (NAS). CFS will take place Sept. 18-20 at The Horseshoe (formerly Bally's) in Las Vegas.

Submit Nominations for the 2023 Archie Awards Before May 15

The Archie League Medal of Safety Awards, named for the first U.S. air traffic controller, honor a variety of aviation “saves” — some which involve a team of controllers working together, while others are the result of one controller’s efforts.

The nomination period for the 2023 Archie Awards ends on May 15. We are looking for the best saves that have occurred at your facilities between May 1,

2022 and April 30, 2023. The winners will be honored in September at NATCA's Communicating For Safety.
