

NSTLC Meets at NATCA National Office

The NATCA Safety and Technology Leadership Council (NSTLC) met in the National Office on July 19-20. The meeting focused on the NSTLC's priority list and multiple briefings from Article 114 reps on various technology programs. The NSTLC serves as the union's focal point and, when needed, will take action to address safety issues, procedural changes, technology development and implementation, airspace modernization and all associated training needs.

NATCA Family Equips Local Children for School Year

Our NATCA family at the National Office in Washington came together again this year to deliver 100 backpacks stuffed with school supplies to underserved children in the Washington area. The NATCA Charitable Foundation (NCF) and NATCA's staff employee union, the Organized NATCA Employees Union (ONUE), joined with local NATCA members and National Office staff to purchase school supplies and fill backpacks for Community of Hope, which donates supplies to local children for the school year.

Enroll in Unum During Open Season

On June 20, NATCA began an enrollment open season for its popular Unum group long-term disability (LTD) program. The Unum LTD program protects NATCA members and their families with peace of mind in the event they lose their medical or become disabled. LTD insurance can be the most important part of your overall benefits package.

Don't wait until it's too late!

You insure everything else in your life that's important to you. Why leave your career and your financial stability unprotected?

“ Unum is the best thing you could do to protect you and your loved ones from any financial hardship, in the event you lose the ability to work. My family life has not skipped a beat thanks to Unum. **”**

-Brandon Mike, D10
