

U.S. Representative Eric Swalwell Tours Oakland Center

U.S. Representative Eric Swalwell (Calif., 14th) recently visited Oakland Center (ZOA), which is located in his district. After taking a tour of the operation, Swalwell sat down with several NATCA members who live in his district, including FacRep Charles Howell and Vice-FacRep Erik Mandt. They discussed the realities of living and working in the San Francisco Bay Area, staffing, and policy issues impacting our Union's membership.

Swalwell was impressed by the hard work of NATCA's members and promised to follow up in the near future. We're grateful to the congressman for paying ZOA a visit and making labor a priority.

National Validation Team Meets at National Office

The members of the National Validation Team (NVT) met at the NATCA National Office in Washington on Sept 13. The collaborative work group conducted facility pay level adjustment reviews and carried out normal business related to nationwide traffic counting.
