

Ratification Briefings Schedule

During the ratification period, NATCA will provide a number of opportunities for members to learn about the tentative agreement. The Negotiation Team will hold these meetings virtually, and members may join using the links below.

Additionally, any questions for the Negotiation Team may be submitted to 2024CBAQuestions@natca.org.

Please note that Federal Service Labor-Management Relations Statute prohibits employees from engaging in internal union business, which includes ratification briefings, while in duty status. Employees may only attend ratification briefings in a nonduty status, which includes meal periods or breaks, including unscheduled breaks.
