## U.S. Senate Passes CR to Fund the Government

NATCA Family,

We are pleased to report that the U.S. Senate also passed the Continuing Resolution (CR) that funds the government through March 14, 2025. The U.S. House of Representatives passed the CR Friday evening. President Biden is expected sign the bill into law.

Although Congress once again avoided what would have been a disruptive government shutdown, our work is not done. This CR just delays the deadline for a passage of the fiscal year 2025 appropriations legislation until March 14, 2025. We must continue to advocate with members of Congress every day to reinforce that there can be no delay in negotiating full-year appropriations legislation that can receive bipartisan and bicameral support.

We will continue to keep you updated with news about progress toward passage of full-year appropriations legislation.

In Solidarity,

The National Executive Board
