Register for the ATSAP Webinar on July 15

Join ATSAP's quarterly webinar on July 15 at 12 p.m. EDT. This collaborative

webinar will provide an overview of the ATSAP process, why it is important to file reports, and how reports are being used to enhance safety within our national airspace system. This webinar is open to all members. Please email VSRP@natca.net to register.

A green-tinted banner for the ATSAP Webinar. On the left, the ATSAP logo (a stylized green star with 'atsap' text) is above the text 'Air Traffic Safety Action Program'. Below this, 'ATSAP WEBINAR' is written in large, bold, green capital letters. A bulleted list follows: 'Overview of ATSAP', 'Importance of filing ATSAP reports', and 'Ways ATSAP data is used to enhance the safety of the NAS'. Two green buttons with white icons and text show the date 'July 15, 2025' and time '12 p.m. EDT'. At the bottom, a green line of text says 'To register, email VSRP@natca.net'. The background features a faint image of a commercial airplane flying through clouds.

Program Updates from A114 Representatives Are Available on the NATCA Website

NATCA's Article 114 representatives collaborate with the FAA to introduce and implement new technologies, systems, and procedures in the National Airspace System. The involvement of these NATCA members ensures that aviation safety professionals have a seat at the table and a voice in decisions affecting the safety of the flying public and the operation of NATCA-represented facilities. Many of these members serve in their roles under the leadership of NATCA's Safety and Technology department, and share regular updates about their programs and activities, available on the NATCA website.

[Check out their reports](#) and see how these members' work underscores NATCA's commitment to enhancing aviation safety and advancing our profession.
