

On behalf of DATCA – the Danish Air Traffic Controllers Association – we would like to extend our heartfelt support to our American colleagues, who are currently under tremendous pressure.

Despite operating in a highly complex and stressed system, they continue to provide the highest level of safety and service to users of American airspace. At the same time, they face the personal strain of uncertainty, not knowing if or when their next paycheck will arrive.

Please rest assured that our thoughts are with our colleagues in NATCA during this difficult time. We sincerely hope for a swift and positive resolution to this situation.

Med venlig hilsen / Kind regards

Jakob Bennike
